

YOUR RIGHTS ROSTERING ENTITLEMENTS

It's not just "take it or leave it".

The SDA often receives calls from members when their employee seeks to change their roster. **If you do not agree with, or are unhappy with a new roster, always call the SDA early to discuss the issue before you sign off on it.** If you do not accept the change, make sure you say so.

The SDA can assist you if your employer has proposed a roster you don't agree with. If you are unable to resolve your roster issue with your line manager, ask for assistance from your workplace Delegate or from the SDA Union by calling **131 SDA**.
